

## **BERG Mount Martha COVID-19 Notice to Volunteers. Updated Feb 21st, 2021**

We realise everyone is keen to assist during BERG MM Bushland Activities & Events, so we have outlined a few simple steps to follow to protect each other.

### **BERG will plan Activities & Events to meet government-restrictions.**

BERG MM Coordinator Policy and Procedures is available for review at each activity & event (*Note: There will always be a designated BERG MM coordinator at activities to enact BERG MM procedure, even when a Naturelinks contractor is present.*)

#### **Remember:**

- Volunteers should be familiar with the latest COVID Updates & Restrictions. Follow this link: [Mornington Peninsula Shire Latest COVID Updates and Restrictions](#) for updates and information.
- If you are unwell, please stay at home. Do not attend any BERG activities or events.

#### **Before Activities & Events**

- At sign in, to meet contact tracing requirements, your contact phone number is required, along with your name. Please ensure you sign in at the beginning of the activity or event.
- When attending a Bushland Activity, ensure you bring along your Personal Protective Equipment (PPE) bag, which should contain a BERG vest, hat, gloves and protection glasses. If you do not have a PPE bag, advise your group coordinator by email BEFORE attending an activity, and they will arrange for a bag & vest to be there for you.

#### **During Activities & Events**

- Carry a face mask when you leave home. BERG recommends that you wear a face mask outdoors when you can't keep a 1.5 metres distance from others or as regulations require.
- Practice good hygiene - regularly and thoroughly clean/sanitise your hands.
- Greet other volunteers with a smile - no handshaking, hugging or kissing.
- For activities and events where items need to be shared, for example, bushland activities - plants, guards, stakes & equipment - please only pick up things when you have gloves on. Where this is not possible - sanitise articles/area before sharing or using.
- The fabulous BERG Mt Martha morning tea will be supplied if COVID regulations allow.

#### **Before and After Activities & Events**

- The coordinator will ensure that all equipment is clean before and/or after use.
- The coordinator will ensure BERG MM Coordinator Policy and Procedures are enacted.
